Refinance of term debt facilities until 2013

Hastie Group Limited today confirms that it has signed agreements with its banks extending \$154 million of debt facilities that were maturing on the 4 April 2011 to the 4 July 2013.

“The refinance was oversubscribed by the Banks and demonstrates their continued support to Hastie Group. We were pleased with the refinancing which was achieved at market competitive terms and rates,” Hastie CEO and managing director David Harris said.

In addition Hastie has increased its bonding lines by around \$90 million to support continued organic growth across its three core geographic hubs of Australasia, UK and the Middle East.

Hastie’s Banking panel has been extended to include an additional major domestic bank.

Hastie has retained its five year debt facilities (placed in 2009) set to mature in April 2013 on unchanged terms and rates.

Hastie Group Limited is the leading international designer, installer and maintainer of technical services to the building and infrastructure sectors - mechanical, electrical, hydraulics and refrigeration group with well established operations in Australasia, UK and Ireland, and the Middle East.
